Appointment of Director

Resource Star Limited announces the appointment of Mr Cyril Geach as a Non Executive Director; effective immediately.

Mr Geach comes well educated having a Bachelor of Science (Hons-Geology), is a member of the Australian Institute of Geoscientists and formerly a Licentiate of Royal Society of Chemistry.

He is also an experienced and capable Geoscientist-Exploration, Business Manager with considerable executive project management skills with over twenty eight (28) years of exploration and mining experience and a founding executive director of four (4) ASX companies.

Over the last two years Mr Geach has consulted to the resource and energy industry advising many companies on exploration management and providing hands on geological input as a contract and consulting geologist.

In 2008 he was involved in setting up a private company to list uranium assets on the ASX and has also separately advised on uranium projects.

Currently he is part time managing director of a private company which has primarily a magnetite asset and also with areas for gold/BIF/Li/Bauxite all in Western Australia..

With this wealth and depth of knowledge and experience Mr Geach will be a valuable contributor to the Resource Star Limited Board.

Andrew Bell
Chairman
